To Whom It May Concern

It has recently come to our attention that Bentley Industry S.R.L, (to include agents and/or employees), have been making statements to the market, specifically, in Eastern Europe, to the effect that they, Bentley Industry S.R.L, are an authorised Distributor and/or are an authorised (or licenced) manufacturer of Waste Spectrum Incineration Systems Limited.

For the avoidance of doubt, I can confirm: -

1. Bentley Industry S.R.L are not, and never have been a distributor for Waste Spectrum Incineration Systems Limited.
2. Bentley Industry S.R.L are not authorised or licensed to use the name Waste Spectrum in association with the manufacturer or sale of any incineration equipment.
3. For the avoidance of doubt, Waste Spectrum Incineration Systems Ltd. do not manufacture, directly or under licence, outside of the United Kingdom.
4. For the avoidance of doubt our authorised distributor within Romania is Bentley Instruments S.R.L

Neil Rossiter
